What say I. In order to experience, the actors need to hand themselves over to the situation in which they find themselves; faced with a problem, they need to stay focused on the here and now of the given situation, on the environment and their co-players, allies in their attempt to solve the problem in the most effective and straightforward manner. He will not condemn those that act in ignorance. They ignore the fact that, historically, many of the greatest scientists have been believers.
